The Vineyards

The Widdoes Vineyard is a 23 acre block planted to Pinot Noir using the old Beringer clone. The vineyard is located in a very cool section of the Green Valley abutting the Atascadero Creek. This vineyard was planted and farmed by the Dutton's for 20 years.

Winemaking

This wine was fermented in one ton fermentation bins after a 5 day cold soak. This allowed the final blend to have excellent complexity. After fermentation the wine was aged in 50% new French oak for 11 months.

Tasting Notes

This classically styled Pinot boasts aromas of red fruits, black cherries and currants coupled with subtle hints of savory oak. With a flavor profile that reflects the bouquet, we've been able to produce a wine of great balance and structure with elegant soft tannins.
